

Hello Friends and neighbors: For clarity about up coming meetings:

Feb 7th, 2023 at 10 AM at 1600 Franklin Rm 680 County Council Meeting room

We need lots of people downtown in that meeting room This is when our Team for County Procedures and Zoning will be reading a 5 point presentation. We need to continue to make our presence know to the county council. Be quiet but be seen. We are making comment on the Comprehensive Growth Management Plan they created 2015-2035 Edition. They are voting on the plan on Feb 8th. Anyone and everyone can make comments about this plan until Feb 8th at 5 PM make your comments on line. Please refer to the email I sent out this morning.

Feb 16th, 2023 at 3 PM will be a Zoom meeting with the county and Knife River. We do not have the zoom info yet. When we do get it I will post it on the FB and send out emails again.

It is important to make our presence known to both the county and to Knife River. We cannot speak during this meeting but the folks will know we are listening and I am sure they will take notice.

On Feb 24th at 6 PM This will be (Hopefully) held at the Cascade Presbyterian Church on NE 94th Ave & Ne 86th Street

this will be a community Meeting hopefully we can stream it in real time on Youtube again. We need to get contributions to our future legal fund, and we want to be able to answer your questions on our progress and plans for the future events. Think how we can build our coalition, how can we engage other neighborhoods that will be impacted by this plant. Share your ideas with our various teams. By the way, we have two new teams, one is way and means (Fund Raising) and the other is Media.

We also need folks who can walk and pass out flyers and collect contact data on all neighbors. Not everyone is on Face Book. And I need to expand my data base so we can use email to contact people and keep them informed.
