

# Concrete Batch Plant Site Walkabout

The Friends of Central Vancouver has organized a walking tour of the site for the proposed concrete batch plant. In attendance will be several Clark County Councilors and members of the media.

An excerpt from the invitation to the Clark County Councilors:

---

Did you get the invitation for a walk about so you can lay eyes on the land that is both the place where 62 town homes are being built, and the Proposed Concrete Batch Plant?

Date Saturday Feb 25th, 2023

Time at 10 AM

Yes, I hope the press will join us

Recommend wearing boots the land is soggy.

You can get a feel for our neighborhood while you are visiting us.

I have asked that we meet at the intersection of NE 99th street and NE 80th Ave. Pape Truck parts said we could use their parking lot and drive in past the gate if we wish to. This property should provide you a good view of the area.

Seeing with your own eyes is much clearer than looking at a drawing. Don't you agree?

---

This is an important opportunity to show Clark County that we are united against this threat to our community. Please join us.
